

Phone conversation with HATJ and BZ 8.11.17

BZ: Ok, are you there

HATJ: Yes I am

BZ: ok, we are live so to say, go ahead.

HATJ: so, gentle sigh, deep breath

Ok, so, we've got. Essentially this is, I want to make this Very, very clear. ok, is.

Check Mate Happened four and a half years ago.

But this is making visible some of the Most foundational beliefs, and shaking them.

So that people can see that they really didn't Exist.

you know, when you are given beliefs, to Believe, That are Truth.

You will Remember that Nothing is True.

And that's what we're essentially going through. That is the process that I am, along with others are making visible, that, ah, everyone believes that Laws are laws. And that everyone is supposed to follow them.

And that's not the Truth. They're not even following their own laws as you can see.

ok, um. The Fillings Act, they're, they are multi-purpose, those fillings. And The address Every Single Part of Existence.

ah,

The biggest thing is, is that they are The Memorandum Of Law.

That Is THE LAW. NOW.

And it has been for four and a half years, and they've known that.

So the biggest thing is that when we were in court, where it was , laugh, made visible that The constitution doesn't actually really exist, or Apply to Anyone. Right, except for the signatories. Is, um, when I first when in and they asked me to swear to tell the truth, the whole truth , and nothing but the truth.

um, and in fact. I had gone in, and I started off, by Due Sworn Declaration. So if you go in and you actually check those parts, my sworn due declaration, and then,

I could Feel, Two Huge, Massive energy signatures Sweeping. So I actually stopped. And was looking to see where those were coming from, where they were going. What was the Intent. That kind of thing.

And then I went to go start again. But essentially I said. ah um.  
You know this is a standing Due Identification Correction.

I AM Original. Source of All That Is. And then said nunc pro tunc praeterea preterea. And I said I swear and I swear to tell the tru ah and I said I swear speak only True , accurate, and complete. I never truth, and all that other stuff because it is not correct.

BZ: right

HATJ: But I. And so if you go in and you look at that. Apparently, Youssef was telling me that they Cut Out the praeterea preterea. They Literally, Physically, Falsified physical evidence.

BZ: Yes, so when I post this recording, and I do the transcript of it. We will have the audio of your words. We'll have the transcribe of your words and I will also put all the points that you are talking about within the transcript with all of this. So people can see all of the evidence visible for themselves.

HATJ: Exactly.

So, as far as the transcripts from that court hearing on Friday [8.4.17] If That Was The Case, Because with that court hearing. The Identification hearing couldn't have gone on. Because I did the Standing Due Identification correction.

BZ: Correct.

HATJ: However, if they changed, if they falsified, physical evidence, as far as the recording. The transcripts, excuse me. And they took the praeterea preterea out. ah um. That is Very Telling. So, you know the whole point is, is that people understand what is being made visible here. Is that the Laws they thought That Governed Society. Don't truly govern society.

BZ: umhmm

HATJ: And tha'ts what we're, that's what we are actually seeing. And, I will tell you this, It does Cost them every time that we do this.

And I don't mean on a . Yes on a financial aspect as well. But basically you have the old, Old World, Completely Dissolving.

BZ: Yes

HATJ: Completely Dissolving. And The New World, the new one coming in.

So it might, kind of like with a birth. Right, you have some thing

BZ: laughing

HATJ: some thing very beautiful coming in, at the same time there is a lot of pain right there at the end.

BZ: Yes.

HATJ: ok. So... Like I said I don't stop till its Done. And I know everyone else. I can Feel You, I can feel everything that is going down. Its just beautiful. So, lets push through to the end, so that we are finally enjoying the beginning.

BZ: Absolutely. And I have been requesting, if people feel moved to do so. To focus on the outcome. But the Big, big, big, Big, Outcome. And not just the fine details along the way. And to understand that it takes awhile, because it is complex and there is So Much to unravel and some people are dragging their feet with the inevitable.

HATJ: Well, yah, that's very important. I'm glad that you are pointing that out. Because it is very important that people Keep the big picture in the forefront. SEE, the results, and all the details, they can be the funest parts, they can be the most miserable parts.

The point is See the result and it finishes fast.

BZ: yeah

HATJ: Ok, so. I love you all and I just wanted to touch base with you, to kind of put this out. I don't know, ah, when they will be transporting. And Randy and I will finish up, what was started.

BZ: Great, great. remember what I told you before we started recording. Big hugs to you, lots of love and I'll talk to you soon.

HATJ: Alright, love you all. Thank you BZ. Bye.

**Definition:**

praeterea, preterea - besides, further, hereafter
