Dear Mr. Moynihan,

This letter is an invitation from an international group of One People who are individually accessing our value to deposit into new personal and business bank accounts, possibly with Bank of America.

This action is based upon the July, 2012, UCC filing by The One People's Public Trust that foreclosed on governments and banks. (We have enclosed a copy of this filing.) As such, we know banks are now repurposing products and portfolios to adapt to a new business paradigm of transparency. We're offering Bank of America an opportunity to be on the leading edge of this new business paradigm.

Each of us is accessing our value from a pool of funds underwritten by this UCC filing. With each of our respective initial funding deposits of \$500M, we'll provide Bank of America with a 10% discount fee as part of this new retail environment.

I'll follow up with you by phone October 7, to discuss which appropriate Bank of America private banker(s) in your organization we can work with, who will meet our needs in opening numerous new accounts. We have a number of community projects in development so we're looking for both personal and business accounts. We expect these accounts to be active by Friday, the 11th of October, reflecting our credit. Each account will have an available balance of \$500M minus the 10% discount fee to Bank of America.

We're speaking with one energetic signature to access our value, operating from an energetic accounting of self-responsibility and personal liability. As such, I'm writing this letter not as a representative but as one of many looking to open new individual accounts.

I look forward to speaking with you on Thursday.

Sincerely,

BZ Riger
