**In an [earlier post](#) I related the strange story of how the Republic of America was hijacked by a corporation called the THE UNITED STATES. In that post I focused on the Corporation and its relationship to the Justice System. Bill Brockbrader declared himself a sovereign being and based upon solid Law demanded his case be dismissed.**

**I promised you I would explain why you should be very concerned about the fact this nation has been hijacked by a corporation being run by International Bankers. I suspect this post is only the first. Today we are going to look at how YOU are being bought and sold on the Stock Market.**

AMERICAN BANK NOTE COMPANY

I CERTIFY THAT THIS IS A TRUE AND CORRECT COPY OF A CERTIFICATE OR DOCUMENT REGISTERED WITH THE VITAL RECORDS IN THE OFFICE OF THE STATE OF LOUISIANA, PURSUANT TO LSA - R.S. 40:32 ET SEQ.

William H. Boudier  
STATE REGISTRAR

It begins with the **U.S. STANDARD CERTIFICATE OF LIVE BIRTH**

(<http://www.cdc.gov/nchs/data/dvs/birth11-03final-acc.pdf>)

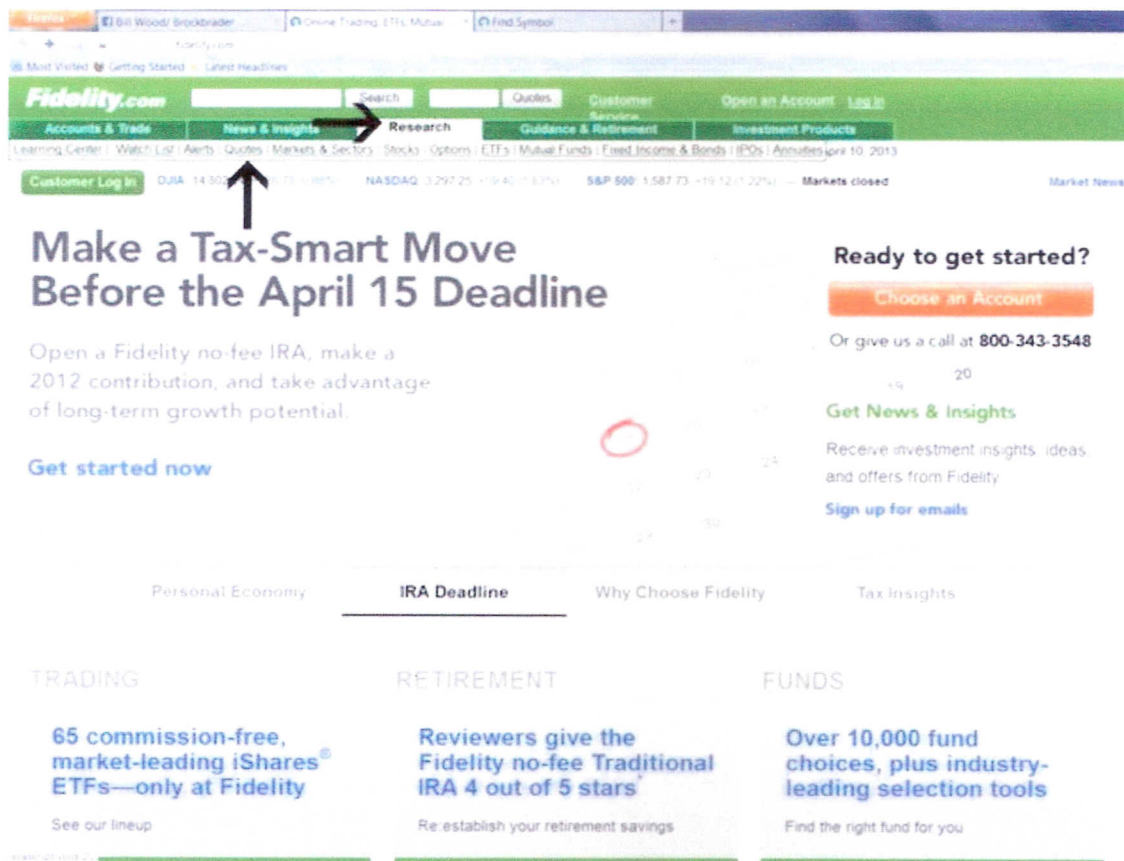

This information is used to issue the birth **certificate** which is actually a Bank Note. This Bank Note/Birth Certificate is sent to the State where the "Live Birth" is registered. The State makes a Certified Copy and sends that on to the Department of Commerce, Washington, D.C. From there another Certified Copy is made and sent to the International Monetary Fund (IMF) in Brussels, Belgium. The IMF is center of the world of International Banking.

That Bank Note/Birth Certificate is now listed as a collateral asset for **THE UNITED STATES CORPORATION**. Now the corporation can take out a **loan** using your Birth Certificate as collateral. While being done, this practice is totally illegal. Why? Well because this is probably the first time you have heard about this scam!

See, what the Birth Certificate collateral is really saying is that **YOU** are responsible for the **loan** **THE UNITED STATES CORPORATION** is taking out. You are being found responsible for the loan. As you had no knowledge of this transaction, it is an unconscionable contract and illegal.

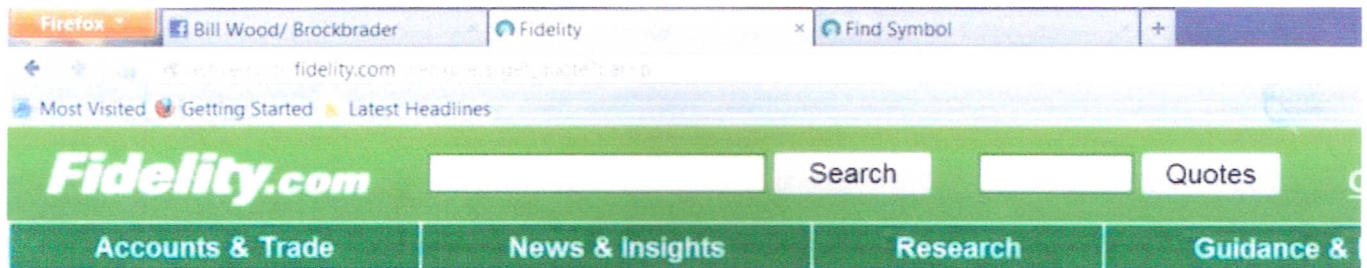

If you have a copy of your birth certificate, take a look at it. You will see a series of numbers at the bottom. If your birth certificate is in color, the numbers will be in red. Those numbers comprise a security stock exchange number registered on the World Stock Exchange. To see how you are doing and who owns you, go to this link <https://www.fidelity.com/?bar=p> and then follow the photos below.

1921- Federal Sheppard-Towner Maternity Act Maternity Act (3) was passed creating birth **"registration"** or what we now know as the **"birth certificate."** It was known as the **"Maternity Act"** and was sold to the American people as a law that would reduce maternal and infant mortality, protect the health of mothers and infants, and for other purposes. One of those other purposes provided for the establishment of a federal bureau designed to cooperate with state agencies in the overseeing of its operations and expenditures. This can now be seen as the first attempt of **"government by appointment,"** or cooperation of state governments to aid the federal government in usurping the legislative process of the several states as exists today through the federal grant in aid to the states programs.

Prior to 1921 the records of births and names of children were entered into family bibles, as were the records of marriages and deaths. These records were readily accepted by both the family and the law as **"official"** records. Since 1921 the American people have been registering the births and names of their children with the government of the state in which they are born, even though there is no federal law requiring it. The state claims an interest in every child within its jurisdiction, telling the parents that registering their child's birth through the birth certificate serves as proof that he/she was born within territories of the United States, thereby making him/her a United States citizen/slave.

A certificate is a "paper establishing an ownership claim." - Barron's Dictionary of Banking Terms. Registration of births began in 1915, by the Bureau of Census, with all states adopting the practice by 1933.

Birth and marriage certificates are a form of securities called "warehouse receipts." The items included on a warehouse receipt, as described at §7-202 of the Uniform Commercial Code, the law which governs commercial paper and transactions, which parallel a birth or marriage certificate are:

- the location of the warehouse where the goods are stored...(residence)
- the date of issue of the receipt.....("Date issued")
- the consecutive number of the receipt...(found on back or front of the certificate, usually in red numbers)
- a description of the goods or of the packages containing them...(name, sex, date of birth, etc.)
- the signature of the warehouseman, which may be made by his authorized agent...(municipal clerk or state registrar's signature)

Birth/marriage certificates now appear to at least qualify as "warehouse receipts" under the Uniform Commercial Code. Black's Law Dictionary, 7th ed. defines:

**Warehouse receipt:** "...A warehouse receipt, which is considered a document of title, may be a negotiable instrument and is often used for financing with inventory as security."

Since the U.S. went bankrupt in 1933, all new money has to be borrowed into existence. All states started issuing serial-numbered, certificated "warehouse receipts" for births and marriages in order to pledge us as collateral against those loans and municipal bonds taken out with the Federal Reserve's banks. The "Full faith and Credit" of the American people is said to be that which back the nation's debt. That simply means the American people's ability to labor and pay back that debt. In order to catalog its laborers, the government needed an efficient, methodical system of tracking its property to that end. Humans today are looked upon merely as resources - "human resources/capital," that is.
