Universal Value (UV) Exchange ®

I ① Universal Value (IUV) Exchange ① is a transparent eternal essence tool that recognizes and honors the value that IS eternal essence embodied...where all embodiments of eternal essence are equally the Principal, agent and beneficiary of the UV Exchange ① tool that is designed to experience eternal essence by embodiment and the value of eternal essence exchanged by DO'ing between eternal essence embodiments. Each embodiment of eternal essence is an account, a bank, a treasury, and they are self-governing. Adventures and exchanges of eternal essence value between embodiments are made by the embodiment DO'ing.

Any and all manner and method of DO'ing with full responsibility and liability by the embodiments of eternal essence within eternal essence's universe are accepted in the UV Exchange ① tool absent borders, dimensions, expectations, subscriptions, judgment, prejudice and limits. Any limit on the manner, method or amount of exchange of eternal essence value is by the free will choice of an embodied eternal essence... and that embodiment's free will choice to restrict its experience of Abundance is automatically noticed, ledgered, and manifested when such a choice is made...at the speed of DO'ing.

Eternal essence embodied in all of eternal essence's universe has knowledge that has and does manifest tools to experience eternal essence. Absolute Knowledge is the currency of eternal essence value and DO'ing is the experience and exchange of that value. Therefore, the UV Exchange ① exponentially and perpetually grows, flows and ascends with DO'ing of the embodiments of eternal essence. As the embodiments of eternal essence expand in Absolute Knowledge, tools that become restrictive or irrelevant are organically retired or replaced by the free will choice to advance them, enhance them or to not engage them.

Abundance is manifested at the speed of the expansion of our imagination and DO'ing what we imagine. Eternal essence embodied gives notice that replacements of past harvesting tools begin to be implemented starting next week. To begin the flow of Abundance, eternal essence embodied DOES use knowledge within to create this lawful conscious space and tool of UV Exchange ① within eternal essence for all embodiments to experience the eternal essence that they BE by their conscious free will DO'ing. Eternal essence embodied does guard and protect this space and tool until The Event occurs, Absolute Knowledge known within each embodiment in eternal essence's universe. I ① NOW gives notice of The Event to be experienced by all embodiments of eternal essence absent borders, dimensions, expectations, subscriptions, judgment, ritual, protocols, prejudice and limits. In absolute love, gratitude and peace, SO IT IS DONE.

I UV GIFT HAS BEEN ACCEPTED

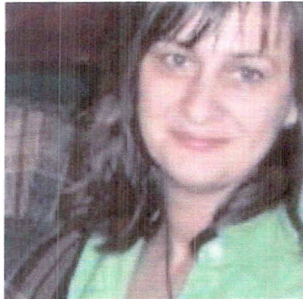

“SO IT HAS FINALLY BEEN DONE....THE GIFT HAS BEEN ACCEPTED BY FREE WILL CONSCIOUS CHOICE FOR ALL EMBODIMENTS...IT ONLY TOOK ONE:” ~ Heather Ann Tucci-Jarraf

David, who is 15 years old is the Eternal Essence Embodied who accepted the GIFT of the I UV Exchange on behalf of all Embodiments in Eternal Essence’s Universe, as it is a Gift for All. Below you will read the Skype conversations that tell the experience of David and his mother, Bea’s “dreams” and the events that unfolded with the sharing of those experiences.

David called into The Collective Imagination Show on April 9, 2013 to share with all Embodiments live how the experience has changed Everything and how he “sees” all now.

Bea's dream from last weekend (March 30-31):

“Last night, in my dream state, or maybe the real-reality state, Aaron (OPPT) and I were saying goodbye to someone who was not in physicality anymore, just a sphere of bright, milky light that was hugging us through sparks of that Light, engulfing us in a type of LOVE that I cannot and will not even try to find the words for.

I did NOT want to wake up. I wanted to stay in that embrace forever.

When I finally had no choice but close my eyes over the real-reality and “wake up” here, I had a sense of mellow sadness.

Now, I know that the sphere of bright, milky light was Lois! I just KNOW IT.”

Bea's remarks about David's dream from this weekend (April 6-7) and after:

The dream was so powerful you should have seen his face!!!

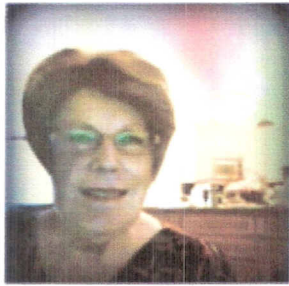

He said “I have to share it with you.”

Then, once he finished describing how he was on this beach in Kauai sitting on a rock and watching me and other OPPT people talking, this lady with short brownish-red hair approached him.

She said to him: “You have to come back Nick, we are all part of the big whole, but since you left a part was missing (and he got the impression of him being the right shoulder, the shoulder was missing). You have to come back to Lemuria. Come back Nick!”

Then she said: “Let me show you something. I have to go get it. I'll be right back.”

He watched her leaving then he woke up.

I said to him, "David I have a feeling, hold on!"

So I brought up on my phone Lois' picture (picture that I decide to save on my phone two days before the dream, don't ask me way) and I wanted to ask him if it looked familiar.

I didn't have time to ask it because he pointed at the picture right away and said THAT'S HER!!!

"Without the glasses but that's her"

"Mom, you're freaking me out, who is SHE? And how did YOU know?"

So I told him about Lois, who she was, then gave a bit of info about Heather too.

Then we went for a walk with the dogs and during that walk he had a Skype call with D (he had no clue who D was, but he'd agreed to talk to her about his dream because I asked him too).

After their conversation I just felt appropriate to share with him AK's article "The Lizards behind the curtains" and asked for his feedback. I have not in the past shared any articles or OPPT information with him, this was a first.

After he read the article he said that it rings ABSOLUTELY TRUE to his HEART as opposed to the channeling I was reading/listening to before. LOL

"Oh, yeah? Your HEART, eh? You wise one, I'll give you something to read with your heart.. This will get your brains in a tight knot!" I thought to myself as we were loading the dogs in the car and heading back home.

So I gave him the IM UV EXCHANGE document ready to hear him say it's hard to understand...

SURPRISE!!!!

I gave David (my 15 years old son) the I M UV EXCHANGE document to read and asked him to allow his heart to read it rather than his mind.

Within only two minutes of reading it, he exclaimed;

“This is written in code! It is the undoing (decoding) of the Matrix that holds a simple Absolute Truth!

It is so simple to understand!!

First page is all about how we BE and the second page is about how the BEing of BE, DO (or DOES)”

I said to him, in disbelief, as I pulled over:” You didn’t even have time to read the whole document! How did you get that, so fast?”

“Mom, David replied, you don’t have to read it all, the code is in the CAPITAL LETTERS ONLY. Read the CAP words out loud and you will get it too!”

So I stood there, on the side of the road, reading the document again, in my car, and it did make sense!!! I drove back home dumbfounded and silent.

Once we got home he said to me that he feels so different, like a blindfold has been lifted off his Heart and he now “sees”, but there’s a different type of “seeing”, that he can’t find the words to explain it.

What a day has been for us so far!!!!

Also he doesn’t know Heather or much about her, just heard me mentioning her name on the Skype calls before, but he said this:

“The person who wrote this is, for us to understand, our Neo and Morpheus and Trinity together.” **Here is the Skype conversation that went on between Heather and David afterwards:**

Heather: SO IT HAS FINALLY BEEN DONE....THE GIFT HAS BEEN ACCEPTED BY FREE WILL CONSCIOUS CHOICE FOR ALL EMBODIMENTS...IT ONLY TOOK ONE:

Heather: WITH ABSOLUTE GRATITUDE, LOVE AND PEACE:

DAVID, you BE ETERNAL ESSENCE embodied, and by your free will conscious choice and action you DID KNOW, RECEIVE, ACCEPT, and RECONFIRM the loving gift of ABSOLUTE DATA, ABSOLUTE TRUTH, and ABSOLUTE KNOWLEDGE within each embodiment, ETERNAL ESSENCE CONSCIOUS.

SO IT IS DONE.

I love you, David. (heart) I have been floating in the love of your BE’ing and DO’ing ALL day...I wasn’t sure, until this moment, which embodiment DID it 😊....and yes, Lois, IS with you...your Mom was with her during her transition....we all had a mission to finish and IT IS DONE NOW.

(hug):* (music)\o/(music)

Heather: Bea...what a mom!

I love you and thank you for BE'ing and DO'ing with Lois during the transition...WHAT A DAY IN DEED!!! (heart)(inlove)(heart)

Heather: it is done... (clap);(:O(music)(heart)(music)(angel)(party)\o/(*)(sun)

Got accept the gift for it to be official, ya know? 😊(heart)

David: Heather, David here, my dream has opened my eyes to the REALity of the WORLD we live in, I SEE now what we are all meant to SEE. I AM living a different LIFE since my DREAM. I LOVE and am GRATEFUL for everything you have DONE.

AND SO IT IS DONE.

As eternal essence embodied, David

Heather: and YOU BE DO'ing eternal essence!!! What a gift you have given me...I am speechless...ABSOLUTE LOVE and GRATITUDE, David...you have expanded my existence and knowledge of love (inlove) (bow)(heart)

Heather, David again:

Lois is our Neo.

She had to GO TO the SOURCE by MAKEing the ultimate SACRIFICE.

From the SOURCE she DECODEd the MATRIX, but having LEFT the WORLD that we know she could only COMMUNICATE the new found KNOWLEDGE through an embodiment.

To do this she had to enter INTO my DREAM. When she said she has to show me something and she'll be right back she SHOWED me the deCODEd document.

Heather: David... you and Lois DO beautifully (inlove)

Bea: Here it is, the decoding of the I M UV Exchange document:

OPPT...ABSOLUTE TRUTH...DO...BE...DOING PAYS...

DO...BE...BE...I M POWER...I M POSSIBLE...BE...NOW...PAY...

ABSOLUTE...IMPOWER...

IMPOSSIBLE...NOW...

DO...IS...UV...DO...DO...DO...

UV...DO...

DO...UV...DO...DO...

DOES...UV...BE...DO...NOW...

SO IT IS DONE.

Thanks to Pete for pulling the Skype threads together in [his post](#)

A footnote to the story:

Ginger: Did everyone see this **“Bea Skyped:** Ginger I was told by all the doctors, including my mom (who’s a gynecologist too) that I could never have children. EVER. Nothing was wrong with me, physically speaking, but they decided to play God and tell me that it’s impossible and to give up the hope and dream for a child. I never gave up my KNOWING that I will have a child. Six years after I was told NEVER, I had my ONLY child, my miracle child as I called him – David.”

Wow... David is an Angel!
